Progress In Harmony

Harmonious relations among those charged with the conduct of the business is the most desirable accomplishment in the government of any political subdivision.

To reach this objective all members of the official family must be willing to co-operate and frankly discuss all problems pertaining to the public welfare and also to reason with their fellows in a true effort to arrive at amicable conclusions with regard to matters relating to the general weal.

Difference of opinion is always evidence of an endeavor to promote the healthy growth in the progress and upbuilding of any community if the difference arises from a sincere desire to be helpful.

Criticism of a just nature and made in an honest effort to be helpful is always welcome and is an uplifting influence. But criticism merely from a desire to be obstructive and for the sole purpose of impeding advancement means little or nothing and can have only a baneful influence on any organization.

The City Council of Daly City is composed of five members, three of whom have recently been returned to office by large majorities. This must indicate that these latter have merited the confidence of the majority of our residents.

Now, after the organization of the new council, every member of that body should adopt harmony as his constant shiboleth. Each man should honestly strive to obtain and maintain that harmony so eminently desirable and necessary for the proper functioning of the governmental affairs of any community.

Harmony promotes progress, and the people of Daly City have, by their ballots, expressed evidence that this objective is their sincere wish and desire.

Therefore it behooves every member of our governing body and the head of each department and every employe thereof to strive for harmonious relations between all members of our city family—to the end that the welfare of all shall be promoted.

If anyone feels that criticism is due, it should be made known without malice or vindictiveness and for the purpose of obstruction only; but, rather, offer it in a spirit of helpfulness and, if possible, suggest something in substitute for the proposal which has evoked the difference of opinion.

It has been the constant desire of the operators of your home newspaper to secure for Daly City good government, and we will continue to fervently serve and strive along this path in future.

We advise each member of our City Council to lay aside all personal differences (which have no place in the conduct as an official) and honestly strive to promote that harmony which our citizens have given evidence it is their desire to attain. Lend a helpful hand by voice and vote to promote the welfare and interest of all residents and the advancement of our fair city.

Only by harmony can the progress so highly desirable be achieved.

By all means, let us have harmony and advancement—even if it hurts our personal pride.

THREE MEMBERS OF CITY COUNCIL AGAIN SEATED

New Chief Of Police And City Attorney Chosen By Reorganized Body

The City Council of Daly City met Monday evening of this week, with all members present.

Owing to the large attendance of interested citizens it was decided to conduct the business in the upstairs auditorium, so all could be accommodated.

The council canvassed the result of the vote of the recent city election.

Councilmen Paul G. Selmi, Henry Sundermann and Julius Twesten, being the three highest in number of votes received, were declared elected by resolution, unanimously adopted.

City Clerk Ross then called the council to order and administered the oath of office to the three newly elected members.

On a call for nominations for mayor and presiding officer, Councilman Fahey proposed the name of Julius Twesten. This was seconded by Councilman Cavagnaro. Mr. Twesten declined the nomination and placed before the members the name of Paul G. Selmi, who has acted in that capacity for the past two years. This nomination was seconded by Councilman Sundermann, and Mr. Selmi was elected to the position for the next two years by the unanimous vote of the members.

City Clerk Ross then read a letter of resignation from City Attorney D. P. Convery. Councilman Fahey demanded to know if the resignation had been submitted under pressure.

ALL ELEMENTS TO CO-OPERATE IN OBSERVANCE

Exhibits And Displays In All Schools As Special Features Of Public Schools Week

SAFE DRIVING SUGGESTIONS GREATLY HELP

The majority of people in the United States are definitely safety conscious. They are thoroughly aroused and are determined to save lives by sane driving. Therefore any suggestive information relative to safer driving will help the motoring public in its determination to lower the accident rate. Mr. Motorist, do you know that four out of five accidents occur on dry roads in perfectly clear weather? Do you ever stop to think that if drivers used the same caution in the operation of their automobiles when the weather is clear as they do when they are driving in fog, that many accidents would be prevented and many lives saved?

Think this over as you drive during this fine weather. — San Mateo County Traffic Safety Commission.

SUPERVISORS GRANT INCREASE IN OFFICIALS PAY

Boost In Salaries Advocated By Speakers At Tuesday Morning Session

Six county officials in the $3500 salary bracket will receive $3600 a year, beginning with the new terms, January 1. This action was decided on by adoption of a resolution by the Board of Supervisors at their meeting, Tuesday morning of this week.

One hundred dollar a year raises for the county clerk, controller, coroner, recorder, treasurer and school superintendent were approved.

The small boosts were in sharp contrast to the original requests of five of the six officers for $700 raises.

The board voted to maintain the present salaries of the district attorney, tax collector and assessor, all of whom had requested substantial increases.

Public discussion lasted less than ten minutes over the new salary ordinance, which was unanimously adopted on motion of Supervisors Hatch and James. Salaries of other county officials for the four year term beginning next January are:

Assessor, $4000; county executive, $6000; sheriff, $4500; county's prorata of the two superior judges' salaries, $2000 each; five supervisors, $1800 each; engineer-surveyor, $4800;

TO HOLD RODEO SOON AT STATE FAIR GROUNDS

Affair Is Prelude To Centennial Celebration To Be Held Next Year

Sacramento will hold its first annual world champions' cowboy contest and rodeo at the California State Fair grounds, April 29, 30 and May 1, with a program which will establish it as one of the major rodeos of the West.

The event is sponsored by the Sacramento-Golden Empire Centennial as a prelude to the centennial celebration in 1939, commemorating the one hundredth anniversary of the founding of Sacramento. Next year the rodeo will be one of the principal features of the centennial program.

Roy Clair, rodeo manager, announces that $4325 in prizes will be offered in competitive events for the three days. Competition will be under the rules of the Rodeo Association of America. The best rodeo stock in the West, including wild horses, wild cows and calves, Brahama steers and broncos, is being assembled.

The events will take place on the infield and track in front of the State Fair grandstand. Abe Lefton, noted announcer, will be master of ceremonies. Cara-May Cutter, noted Sacramento rider, will preside as rodeo queen.

In addition to ten rodeo events of bronc riding, steer roping and wrestling, pony express race, wild cow milking, steer riding and cow horse contest, new, thrilling features are on the program. One of these, which has never before been staged in America, will be a motorcycle chariot race, in which two motorcycles will be attached to each chariot, with the drivers riding in the chariots and controlling the motorcycles with rods attached to the handlebars.

Parades will be held on the Sacramento business streets just prior to each afternoon program. The streets of the city will be decorated and Sacramentans will wear cowboy costumes.

LOGICAL ENDING FOR SPEEDING

William Jarmuth, 18, student, of San Diego, who has received five traffic citations since January 1, was convicted recently on speeding charges and sentenced by the municipal judge to 75 days in the county jail, "to think it over."

CLEAN UP WEEK FOR DALY CITY TO BE SPONSORED AGAIN THIS YEAR

Will Be Under Direction Of The Municipal Health Department

Starting on May 9, the Daly City Health Department will conduct a city wide clean up week, along the same lines as last year's successful plan. This will aid the community to eliminate sanitation hazards and fire menaces.

Dr. A. A. Shaghoian, Daly City health officer, states that since last year's clean up week was such a complete success, and received the popular support of the entire community, it is to be hoped that other vital and useful health department activities will be initiated for our residents and supported by them.

All residents are invited to assist in making this second spring cleaning program another success. Directions issued by the Board of Health are:

Clean up all rubbish in basements and yards of homes; put it in sacks, barrels, boxes, cartons or other containers. Keep it on your own premises. Do not put in any garbage or dirt. On the morning when the truck is coming to your place (dates will be announced later) place rubbish neatly on sidewalk near the curb, in front of your home. On that day only, the truck will pick up rubbish and carry it away free of charge.

Last year, a few householders put rubbish on the curb a few days before the proper time, and some did not use any containers. One or two persons expected such large and heavy objects as trees and junked motor car bodies to be taken by city

A large center piece of daffodils was surrounded by yellow cotton baby chicks, bunnies, pastel shades of colored eggs and several varieties of candy eggs.

A delightful day was spent at the McDermott home and in the evening celebrators were dinner guests of Mr. and Mrs. E. Ross at their home on Forty-seventh avenue in San Francisco.

Vanderbilt Case Witness Sues Counsel For Fees

Lilian Lagier, who recently introduced into a Los Angeles court alleged love letters written her by the late Robert Winthrop Chanler, famed painter of mystic symbolic murals for New York's "400." Miss Lagier is suing A. C. Blumenthal, wealthy Los Angeles and New York attorney, claiming she had not been reimbursed for expenses in connection with a trip she allegedly made to New York. The trip, she claims, was to testify for Mrs. Gloria Vanderbilt, in the latter's custody battle with Mrs. Harry Payne Whitney over custody of Gloria Vanderbilt. Miss Lagier reportedly was to have testified what she knew about Chanler at the time he was allegedly engaged in painting pictures for Mrs. Whitney.

Much Smoke—Not Much Damage

Just a slight conflagration, which might have been worse, occurred in San Bruno, early this week, when a lighted cigarette, apparently dropped behind the car cushions of Judge Rapsey's car, started a fire that damaged the machine to the extent of $20.

The blaze was noticed as Judge Rapsey and Tax Collector Harry Postley were driving to the latter's home. Unable to extinguish the flames, they called the police department, which in turn gave notice to the fire department.

The damage affected only the seat cushions.

The hunt was conducted in three separate areas set apart for this age group so that the little ones under six were able to search for the Easter eggs in a protected area.

Eleven o'clock, which was the closing hour for the egg hunt, came all too soon for the happy but exhausted groups of children who had by this time found most of the eggs which had been hidden in the early morning.

The entire community has joined in compliments to the recreation staff for the success of this occasion.

Phographs and movies of the event will be displayed in the near future.

To this Mr. Convery replied that Mayor Selmi had telephoned him earlier in the evening and informed him a change in the office was under consideration. Mr. Convery stated, however, that he had contemplated tendering his resignation for some time past. On motion of Councilman Sundermann the resignation was unanimously accepted.

On motion of Mayor, Rudolph A. Rapsey, city attorney of San Bruno, was unanimously elected to the position of city attorney of Daly City.

Mayor Selmi recommended that a change be made in the position of chief of police, filled for the past two years by James G. Reardon.

Much argument was here made by two members of the council as to whether or not a civil service ordinance was in effect in Daly City and opposing any change at this time.

A motion by Councilman Sundermann and seconded by Councilman Twesten to declare the office of chief of police vacant resulted in the following vote: Ayes—Councilman Selmi, Sundermann and Twesten. Noes—Councilmen Fahey and Cavagnaro. The motion prevailed and the position was declared vacant.

D. P. Convery stated he now represented Mr. Reardon as counsel and declared if another was named chief of police the city would have two salaries to pay for the same position.

Councilman Twesten made a motion, seconded by Councilman Sundermann, that Sergeant A. L. "Barney" Hilton be elevated to the position of chief of the police department of Daly City. This motion prevailed by a vote of three in favor and two against.

On motion of Councilman Sundermann, James G. Reardon was restored to his former position as patrolman by a majority vote of three—Selmi, Sundermann and Twesten.

On this motion Councilman Cavagnaro voted "No," while Councilman Fahey declined to vote.

Mayor Selmi received a tremendous ovation when he arose and thanked the voters of Daly City for the confidence repoesd in him and his colleagues, Councilmen Sundermann and Twesten, each of whom then expressed their gratitude and appreciation to the citizens for the splendid vote all three had received in the recent election.

Councilmen Cavagnaro and Fahey made biref talks, congratulating the other three members of the council on their re-election to office.

The council will meet again in regular session Monday evening of next week, April 25.

JEFFERSON P. T. A. MEET

The regular business meeting of the Jefferson Union High School Parent Teachers Association was held, Tuesday evening of this week, at the high school, with Mrs. Stella Jensen presiding.

Following the transaction of routine business, the meeting was turned over to program chairman Annie Flick, who introduced the speaker of the evening, Miss Pansy Jewett Abbott, county superintendent of schools, who gave an illuminating talk on the subject of parent education through the understanding of school procedure and mastery of tools, techniques, and the spirit of learning. Several delightful selections were given by the Mothers Coral Singers, a Peninsula organization.

Members and guests were served refreshments consisting of delicious homemade cake and coffee at tables decorated in blue and gold.

WHEN IT'S SIX IT'S ONLY FIVE

Six states and 748 cities and towns in 11 other states will observe daylight saving time during the coming summer, beginning April 24, according to the report of a survey by The Merchants Association of New York. It will also be observed in 74 cities and towns of Canada and throughout Labrador and Newfoundland, the report adds. The period of observance will end on September 25.

While daylight saving observance during 1938 will be about the same as in 1937, the report says, communities in Pennsylvania, Illinois, Maine, and Vermont have been added to the list. The observance will be statewide in Connecticut, Delaware, Massachusetts, New Hampshire, New Jersey, and Rhode Island, and practically state-wide in New York.

The report says that the change in time began in Great Britain on April 10 and in France and Belgium on March 27.

Deceased is survived by three daughters and a son—Mrs. Mamie Goldkuhl, Mrs. Margaret Rogers and Mrs. Frances Jackson and Charles F. Behre.

A requiem high mass was celebrated in St. Charles Church, Tuesday morning of this week at 9:30 o'clock for the repose of her soul.

Runaway Machine Crashes Building

An unattended car, owned by Felix Lauricella, 445 Tenth avenue, San Francisco, was parked at the curb on Hillcrest drive and Vendome avenue, Sunday evening about 9 o'clock. Not being held securely by its brakes, the vehicle ran away and crashed into the Opera Bakery on Hillcrest drive, which is owned by Mr. Biedov.

The only passenger in the machine, Nancy Lauricella, was taken to the Villa Sanatorium, where a slight elbow injury was treated and the patient returned to her home.

General Pershing Off To Son's Wedding

General John J. Pershing (left) is pictured with his doctor, Roland Davison, shortly before he left Tucson, Ariz., for New York, where the general's son will soon be married. Two months ago physicians had given General Pershing little chance for recovery after he suffered a heart attack. Living up to his title of "Black Jack," the general courageously battled his way through and regained his health. Before leaving Arizona, Pershing said, "I will reutrn next winter—to the one place I feel best."

RADIO EXPERT IN ADDRESS TO STUDENT BODY

Mr. J. Sparks, known as the University Explorer, addressed the Student Body of the Jefferson Union High School, at a recent assembly, on the subject of "Radio As a Vocation."

He said that many times radio is tedious, and that the real thrill of broadcasting is making comments. The program producers are responsible for the description of the program, the time, and the whole studio performance. The engineer must work the switches and dials. The publicity staff's responsibility is to let the public know what is going to be heard on the radio, the exact time, hour and station. It takes a great deal of time and effort on the part of these men to conduct the whole program.

He also stated that radio is not an expanding field of opportunity. The number of hours of broadcasting per day are limited. Just so many programs can go on the air each day. But one may become more expert in his particular field.

Most people think of radio as performing before the microphone, either singing or playing an instrument. There are four other fields, namely, the sales department, engineer, program producer, publicity and finally the talent.

There are many who have intentions of becoming a radio announcer. If one desires to do so, they should start on a small local station and get the experience on that station, because if one gets into a bigger station at the beginning the problem will be more complicated.

Two Sentenced To Jail-Two Probation

In the court of Judge Maxwell McNutt, Monday of this week, a county jail sentence was all that was accorded to Mitchell Tometich, with a prior San Quentin term against him, for burglarizing a San Mateo restaurant. His two companions, James Frazier and Alvin C. Kelly, were admitted to three year probation on condition that they serve 90 days in the county jail less credit for time already served.

Guy Arcara, with a record in both Folsom and San Quentin, was sentenced to nine months in the county jail. He pleaded to burglary of a Colma service station.

Deputy District Attorney Louis Dematteis argued that the felons were unfit subjects for county jail sentences.

CALL ON EASTER

In the evening the following relatives and friends joined the group: Mr. and Mrs. H. Lohneis, Mrs. W. Bornhauser and daughters Irene and Ilene, Mrs. F. Lahey and son Clarence and W. Blank.

Warned Against Advertisements

"High school education is of the utmost importance to those who wish to enter Civil Service," stated Mrs. Katherine Sullivan, famed San Francisco policewoman, at an assembly where she addressed the Student Body of Jefferson Union High School. The fact was stressed that we must give our full attention to our work while in school, because that will determine, to a great extent, the possibilities of our future. A few cases were presented to illustrate this fact.

Mrs. Sullivan continued by bringing forth the fact that one mistake, even if it is only a small one, may change the entire course of a person's life. She warned against taking that fatal step and told the students to be constantly on guard, so as to keep their lives clean and wholesome. Self-respect is a very important factor in every one's life, and one should strive to keep it at any cost.

In conclusion, she warned against young people, especially girls, answering help wanted advertisements alone and cited several cases from her own experience where tragedy resulted.

WASHINGTON NEWS
FROM OUR CONGRESSMAN
JOHN J. McGRATH

Relief — According to President Roosevelt the billion dollars proposed in his January budget message for relief will not be enough for the 1939 fiscal year. $3,000,000 was requested by a committee of mayors who called on the President. Administrator Hopkins stated that only a sum large enough to provide relief from July to January will be asked.

* * *

Railroad Subsidy—Opposition to a federal subsidy to the railroads was expressed by the President recently. He states that if this type of subsidy is granted to railroads, other lines of industry would have the right to expect similar aid.

* * *

Expansion — Low cost housing is due for large expansion. Rural electrification and flood control is also expected to expand. Large orders for material, machinery, jobs and profit prospects should result from this expansion.

* * *

New Federal Trade Census—The government will mail questionnaires in the current Census of Retail and Wholesale Trade, covering 1937 and first half of 1938, in the latter part of June, not in March as previously announced by the Census Bureau. hTe change will be made because the bureau has decided to include in 1938 the first two quarters, January 1 to March 31, and April 1 to June 30, instead of only the first quarter. This census makes available to trade associations and business men in general, current statistics on trade, that may be compared with statistics for 1935 already available, to show business trends.

* * *

Motion Pictures—A complaint has been made by the Federal Trade Commission against a New York film corporation, charging improper use of the title, and false representations in advertising matter, tending to mislead the public into the belief the film was a film version of a best selling novel of many years ago. According to a new order by the FTC, motion pictures bearing titles of popular books must present an accurate version of such books.

* * *

Tobacco Shippers — Unmanufactured tobacco shippers wlil be subject to an increase over the old tariffs of only 5 per cent, instead of the 10 per cent increased freight rate, according to ICC modification of its recent decision allowing general increases of from 5 to 10 per cent on rail freight charges.

* * *

Social Security—What Is It?—Stripped down to bare terms, what does this "social security" mean? Just that every man and woman shall have a chance to stand on his own feet. The Social Security Act and other social legislation help to give the American workers something solid to stand on—a firm footing on which to fight for a living. Life being what it is, we shall never have too much security. Sickness and accident spare none. Wives lose their husbands, and children, their parents, whatever their economic status. Even the well to do may find their livelihood wiped out by chances beyond their control. And in the end the lot of the fortunate who live is old age; but this gaain brings bitter hazards of decreasing power and independence. In spite of all our knowledge and science, there is no absolute security—for the big man or the little man, for the rich or the poor. These hazards must not be allowed to take their utmost toll of the defenseless. In our high powered, mass industry world, the only agency big enough to act for all the people is the government. This is the what and why of social security legislation. The things that go to make up this legislation include a wholesome childhood, adequate education, a job at a health and decency wage, proper housing and some sort of insurance against the inevitable "rainy days."

* * *

Home Building—Now is the time to build homes, for construction costs are rising and may reach high levels by 1939. Moreover, savings are rising and may reach high levels by 1939. Moreover, savings and loan associations should be liberal in financing small, compact dwellings, even in suburbs.

New Stamp—Announcement of the design and first day cover arrangements for the one cent George Washington stamp of the new regular series was made recently. The new stamp, which is to be placed on sale at post offices throughout the country, is arranged vertically, printed in green ink with a flat background and no border. It is 0.75 by 0.87 inches in size and is being printed in sheets of one hundred by the rotary press.

Automatic Device Shows River's Rise And Fall — Weather bureau observers stationed along the principal rivers of the United States soon will be able to follow the rise and fall of a nearby river merely by picking up a telephone and dialing a given number. Preliminary trials for the last few months in Washington, D. C., show that a new automatic sound river gage effectively and economically supplies facts the weathermen need in forecasting floods and supplying other information on river conditions for many interests. More weather bureau stations will install the new gages as fast as possible.

GHOST STORY IS VEHICLE FOR NOTABLE PLAY

"A Murder Has Been Arranged" Is Something Original In Mystery Production

A celebrated English success will have its first American production by the San Francisco Federal Theater next Monday night, April 25, when the curtain rises on Emlyn W. Williams' thrilling ghost mystery, "A Murder Has Been Arranged," at the Alcazar.

"Judgment Day," Elmer Rice's notable play about a dictator and his methods in a southeastern European country will definitely end Saturday night, April 23. Sunday night performances have been discontinued at the Alcazar. "Judgment Day" closes with a 100 per cent record for attendance, it having played two weeks with every seat in the theater occupied every night.

"A Murder Has Been Arranged" is a story of a murder on a theater stage where an eccentric millionaire has planned a dinner party. The locale is the Alcazar Theater itself, the action entirely in San Francisco and the time, the present. It is being directed by Allan Williams who recently joined the Federal Theater group, coming to San Francisco from the Lobero Theater in Santa Barbara.

Emlyn W. Williams, the author, produecd and acted the leading role in this play in Engalnd, where it enjoyed a long and successful run. "A Murder Has Been Arranged" will have a run of two weeks to be followed by the current New York success, "Prologue To Glory."

TAKING CHANCES

Steve Brodie took one and went down in history and the East River when he jumped off the Brooklyn Bridge. However, if history is correct, he came up from the river again and his act has ever since been an inspiration to countless timid, hesitating souls.

Henry Warshawski, local drygoods merchant, tells of taking a chance—not in getting wet, or famous; but just to be a good fellow. It happened this way: Mr. Warshawski was attending an affair similar to the Festival of Youth and a ticket he purchased carried with it a chance to win a valuable fountain pen and pencil set.

"It was for a good cause," Henry told himself and plunked down his four bits. Later and much to his surprise, he was awarded a beautiful writing set.

"Just a case of casting bread upon the water; someone always wins and it happened to me," was his philosophic comment.

No wonder Mr. Wasrhawski and hundreds of other persons are so eager to buy Credit Tokens for the Festival of Youth.

OBSERVATIONS OF GOINGS ON IN NATION CAPITAL

(By Hart Goodrich)

Fort Washington — Witness To 300 Years of American Military History

There are many, who feel in such turbulent times it would be a wise thing to move the National capital to a more central and safer location in the interior of our United States. This move would be enormously expensive and does not seem a necessity with the ample military protection afforded by the circle of forts and other military defenses, not to mention the best safeguard of all—thousands of miles of Atlantic Ocean between us and any possible foe.

One of these fortifications has a very interesting historical background, beginning as early as 1634. In that year Governor Calvert and his party, who were exploring the Potomac, were opposed in combat by something over 500 warriors of the Indian village of Piscataway. Calvert defeated the Indian force and, eventually, contrated a treaty giving the English rights of colonization along the Potomac. Where this Indian village stood, an English garrison was established on this point made by the waters of Piscataway Creek and the Potomac River. Fifty years later Colonel John Washington, the grandfather of George Washington, with about 1500 Maryland and Virginia militia, decisively defeated 2500 Indians along Piscataway Creek and forced their withdrawal from the Potomac valley.

The English garrison at the now named Fort Washington was withdrawn before the Revolutionary War, but with the establishment of the National Capital in the City of Washington and the necessity for its protection, a garrison was again organized. In 1812 the British fleet forced the small garrison to abandon the fort.

With the experience of British occupation of the Capital fresh in their minds, work was soon begun to make this natural fortification more effective. Major L 'Enfant, who planned the City of Washington, was given this task.

During the Civil War, Fort Washington became an important link in the chain of defense, that girdled the Capital; defenses especially important, due to the fact that the Confederate capital of Richmond was only 110 miles away.

Fort Washington is situated on high ground at a narrow part of the Potomac, providing an excellent defense of the Capital from any possible attack by water.

While we are at peace with the world, and while we plan to keep the peace with our neighbors, we must be careful our plans for peace do not rob us of that very peace we cherish. We must have adequate defenses against a possible aggressor.

STANFORD SHOWS HIGHER FIGURE

There are three periods in the regular academic year at Stanford—autumn, winter, spring, each of three months duration.

Lesson Sermon Of Christian Science

"Verily, verily, I say unto you, The hour is coming, and now is, when the dead shall hear the voice of the Son of God: and they that hear shall live." These words from John comprise the Golden Text to be used Sunday, April 24, in all Churches of Christ, Scientist, branches of The Mother Chruch, The First Church of Christ, Scientist, in Boston, Mass.

The subject of the Lesson-Sermon will be "Probation after Death." Included among the Scriptual selections will be: "If in this life only we have hope in Christ, we are of all men most miserable. But now is Christ risen from the dead, and become the firstfruits of them that slept. For since by man came death, by man came also the resurrection of the dead. For as in Adam all die, even so in Christ shall all be made alive" (I Cor. 15: 19—22).

The following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included: "If man is never to overcome death, why do the Scriptures say, 'The last enemy that shall be destroyed is death'? The tenor of the Word shows that we shall obtain the victory over death in proportion as we overcome sin" (p. 427).

May Robson Feted On 74th Birthday

May Robson

May Robson, only great grandmother among the movie stars, recently observed her seventy-fourth birthday by getting up at 6 a. m. to go to work. A special birthday party was planned as a surprise for her at the studio, where she is known as "Muzzy." The party was held on a dusty, sage strewn set used for a western picture.

BOY SCOUT NEWS

TROOP NO. 141

Our Easter Week all day and overnight hike went over fine. It started Thursday morning of last week and ended Friday. It is regretted that only a few boys took advantage of this opportunity to get out into the open and really enjoy the balmy spring air and sunshine. The four Scouts who did attend—Edward McIntosh, Frank Pate, Richard Russell and Kenneth Claussen—had a humdinger of a time. They also accomplished a great deal of work toward getting material for the Festival of Youth exhibits.

A canvas shelter was used instead of tents and served excellently. For the evening troop meeting two other Scouts, Donald Laston and Robert Sutherland, came out with Scoutmaster John R. Young. Scout Sutherland would have attended camp except that he was nursing a case of poison oak.

A number of pictures were taken and all turned out swell. They will be a part of the troop exhibit at the festival. Movies were also made of our work and play. Especially amusing was a scene in which Edward McIntosh chose to awake Frank Pate from his slumbers by the canteen drip method. Of course Frank gave chase. We think the movie camera caught him (underwares).

Troop Committeeman Straughan was in charge of the trip.

EASTER DINNER

Mr. and Mrs. A. Hilton of Crocker avenue entertained at dinner, Easter Sunday.

The dinner table was beautifully decorated in pastel shades of crepe paper and Easter eggs and spring flowers.

The guests were Charlotte and Jewel Lohse, Mr. and Mrs. Jack Coleman and children Jackie and Gloria and Lee Longfellow.

EASTER PILGRIMS CLIMB TO CROSS

"Beauty is of light, not darkness. It is at one with harmony and peace, not discord."

The hillsides, carpeted with the blue and the orange of lupins and poppies, gladdened the hearts of thousands of pilgrims wending their way up the winding path to the terraced slopes at the foot of the "rugged" cross to do homage to the ever present Christ in the early Easter hours.

At dawn the highways of San Mateo County were dotted with cars moving onward to the sacred goal, the sunrise service in the Emerald Lake Easter bowl.

The symbol of the "old rugged cross," once the emblem of suffering and shame, stood above them on the hill top, now resplendent, a milestone commemorating life, dignity and peace.

The sermon presented to the listeners a thought of never ending life, unfolding into beauty and loveliness, as exemplified by the dragon fly, which in its early stage of existence is an ugly wriggler on the water's surface, but later develops into a creature with filmy, irredescent wings. The unattractive and rough lily bulb bursts its rough brown shell and blossoms forth into fragrant beauty, having quite forgotten its outgrown beginning.

The present now beckons us all toward the ever open door of opportunity for progressive thinking and acting.

SUPERVISORS GRANT INCREASE IN OFFICIALS PAY

Boost In Salaries Advocated By Speakers At Tuesday Morning Session

(Continued from Page 1)

tax collector, $4000, and five justices of the peace, $2100 each.

A. T. Smith, president of the Highlands District Improvement Club; Charles Meinert, representing the North Fair Oaks Improvement Club, and W. E. Pitschke, publisher of the Daly City Record, advocated salary increases to help business and to induce the highest caliber of men to seek public office.

A few written protests against any salary raises were received, but a majority of those who spoke at the hearing favored boosts for all officials.

Thayer B. Thomas, San Francisco canning company executive living at 202 West Poplar avenue, San Mateo, wrote:

"If the present salaries are not satisfactory, then let the officials resign and seek employment elsewhere. . . . Should the taxpayers bear the expenses of a man campaigning for office? Fooey on such an argument."

Another protest was received from the South San Mateo Improvement Association.

Representatives of the Peninsula League of Women Voters told the board:

"The difference between efficiency and inefficiency would be infinitely more than the raises the officials are asking. They are in charge of running our county government and should be compensated in keeping with their duties."

Miss Janet P. Rogers of Burlingame spoke particularly for an increase for the county school superintendent.

The salary ordinance was passed unanimously on motion by Supervisor Alvin Hatch.

Salaries of appointive officers, deputies and rank and file employes will be considered several weeks from now. County Executive Rolison, meanwhile, advised department heads to submit their 1938-39 budgets for consideration and study "not later than May 16."

SINGING SWEETHEARTS

Rosemary Lane and Dick Powell are a croonin' love team in "Hollywood Hotel," the new star studded filmusical, which is coming to the Daly City Theater on Sunday.

"Hollywood Hotel" To Open Sunday At Daly City Theater

Dick Powell sat down before the little piano and began to play.

It was in a sort of cave between crisscrossing beams and props on one of the huge sound stages at Warner Bros. studio—a cave especially dark since the scores of arc lights illuminating the vast and lavish hotel lobby set for "Hollywood Hotel" had just been turned off at the end of a "take."

Dick, who has the role of an orchestra crooner who braves Hollywood only to be plunged headfirst into romance and contract trouble, swung into the opening bars of "Fish Out of Water." It's one of his songs in the filmusical coming to the Daly City Theater Sunday.

As he sang, soft voiced Frances Langford came to stand beside him. You will hear her golden voice, too, in the production, for she plays the role of a blues singer with Benny Goodman and his famous swing band (they're in the film in person). Now she hummed along as Dick sang.

Other figures materialized out of the shadows—Benny Goodman himself among them.

"Boy," predicted the Swing King, as Dick concluded, "the whole country will soon be singing that song."

A good natured discussion followed, with this one and that claiming notice for his or her favorite in the musical—"Hollywood Bowl," "Heart Full of Music," and others.

"Everybody on the set," sounded a call, and the gang broke up.

That's a sample of what happens between "takes" when they're making a big filmusical.

LOW DOWNS ON KEN

Ken Howell, handsome young member of Twentieth Century-Fox Jones Family, was once billed as "the highest boy soprano" when he toured the country with a choral group.

DALY CITY BAND WANT INCREASE

In order to increase the membership of the Daly City Band, Bandmaster George E. Brenner is calling on all citizens who are or have been experienced band players to report at the City Hall Tuesday night of next week.

It is the desire of the band to increase its membership to forty musicians, as 1939 points to a very active season for the organization. Our city will no doubt co-operate with the exposition committee in many civic functions wherein our musicians will participate and we want to have one of the finest bands possible. All citizens should interest themselves in this endeavor.

LOVELY BRIDE IS HOME TOWN GIRL

Amidst a beautiful Easter setting Miss Georgina Cockburn became the bride of Roderick James McLeod, on Saturday evening of last week, at the Methodist Church, located on Geneva avenue, San Francisco. The ceremony was performed by the Reverend L. W. Reneau.

The bride, who was given in marriage by her uncle, James R. Bennett, looked charming in a satin dress, princess style, with long train and a veil of rose point lace caught at the top into a cap of seed pearls and continuing the length of the train. Carrying an old fashioned bouquet of gardenias and lilies of the valley and wearing a gold heart shaped locket, a gift of the groom, Miss Cockburn presented a living picture, complete in loveliness.

Mrs. William Kennedy, cousin of the bride, was matron of honor and wore a gown of peach chiffon with halo to match. She carried an old fashioned bouquet of bouvardia.

Mr. Earl Keho, brother in law of the groom, was best man, while Messrs. Colin Bennett and William Kennedy, cousins of the bride, served as ushers.

The groom is the only son of Mrs. R. W. McLeod, Twelfth avenu, San Francisco. A reception was held at the home of an aunt, Mrs. J. R. Bennett of Daly City, where Miss Cockburn had resided for the past nine years. Her parents, Mr. and Mrs. George Cockburn, reside in New Zealand, Mrs. Cockburn being a sister of Mrs. Bennett.

The happy couple will spend a two weeks honeymoon in Los Angeles, after which they will make their home in Marysville.

trucks, and some others put their material out the day after they should have. None of these abuses should be allowed to happen, as they put an unnecessary burden on the community, and such persons as do not co-operate will be denied the privilege of the program.

Next week The Record will publish full details of the clean up program, together with routes and day schedules when the city trucks will pick up the rubbish. Circulars containing the same information will be sent out with the May water bills; keep those instructions to guide you, until the program is completed.

BOY HURT WHEN STRUCK BY ROCK

Stanley Johnson of Risel street returned home from Franklin Hospital, Friday of last week. He had been receiving treatment for a face infection. The lad had the misfortune to be struck between the eyes by a rock, on Saturday, April 9, while he was playing on the side walk in front of the home of a friend in San Francisco. Two boys, who were quarreling nearby, started throwing stones and the Johnson boy was hit and hurt by one of the missiles.

The boy was not thought to be seriously injured, but two days after the accident infection set in and he was rushed to the same hospital in which his mother lay seriously ill from a recent operation.
